

# CAPABILITIES BRIEF

Since 1990, **The Krydon Group Inc.** has been a trusted communications, utility and facilities power systems partner to clients in the government sector, both domestically (CONUS) as well as overseas (OCONUS). A systems integrator at its core, The Krydon Group offers a wide range of power and energy related products as well as early-stage applications design support, system specification, logistics planning and expert installation services.

The Krydon Group's approach to project engagements centers on quality, security, communication and service that is unmatched within the sector. In addition to Krydon's ISO9001:2015 certification, its primary suppliers and manufacturers all maintain their specific ISO certifications. In turn, its OSHA certified installation partners ensure systems are built and installed in compliance with the latest IEEE, NEC, NERC codes and manufacturers' product specific requirements. Given the sensitive nature of the work it performs, Krydon maintains its NIST 800-171 certification and is at the forefront of CMMC certification. As an additional security precaution, Krydon boasts that all of its systems are Buy American Act (BAA) compliant. Further, Krydon asserts that all its IOT devices, equipment controllers and device firmware are flashed in the United States. Cognizant that the work of the Federal Government and its agencies occurs around the clock, Krydon provides 24/7 systems support and prides itself on its meticulous communications practices to ensure timely client support.

## KRYDON GROUP PRODUCT FAMILIES

- Standby Batteries
- DC Power Electronics Systems
- Emergency and Standby Generators
- Uninterruptible Power Supplies (UPS)
- Battery Energy Storage Systems (BESS)
- Micro-grid integration
- Emergency Lighting
- Modular Enclosures
- Motive Power Battery Systems and Chargers
- Lithium Ion Technology
- Fuel Cell Systems
- Utility Chargers

To explore partnering opportunities or to work with the very best in the industry, contact us at 877.854.1342 or at [info@krydon.com](mailto:info@krydon.com) and experience world class support for your global requirements.

## KRYDON GROUP NAICS CODES

236210	Industrial Building Construction	335912	Primary Battery Manufacturing
236220	Commercial and Institutional Building Construction		All Other Miscellaneous Electrical
237130	Power and Communication Line and Related Structures Construction	335999	Equipment and Component Manufacturing
